

Smartlrc4net - Bug # 615: IPv6 support

<b>Status:</b>	Closed	<b>Priority:</b>	Normal
<b>Author:</b>	Gabriel Ebner	<b>Category:</b>	
<b>Created:</b>	07/30/2011	<b>Assigned to:</b>	Mirco Bauer
<b>Updated:</b>	12/25/2011	<b>Due date:</b>	
<b>Subject:</b>	IPv6 support		
<b>Description:</b>	<p>This patch modifies <code>IrcConnection.Connect()</code> to support IPv6 connections to dual-stack IRC servers.</p> <p>Currently <code>.Connect()</code> will only try the first DNS entry it finds; this patches uses the <code>TcpClient(string, int)</code> constructor to try all DNS entries.</p>
