

## Smuxi - Bug # 654: Channels are not well-ordered on server join

<b>Status:</b>	Closed	<b>Priority:</b>	Immediate
<b>Author:</b>	Christopher Halse Rogers	<b>Category:</b>	Frontend GNOME
<b>Created:</b>	12/04/2011	<b>Assigned to:</b>	Mirco Bauer
<b>Updated:</b>	01/15/2013	<b>Due date:</b>	
<b>Complexity:</b>	Medium		
<b>Found in Version:</b>	git		
<b>Subject:</b>	Channels are not well-ordered on server join		
<b>Description:</b>	When starting the server connection process - either on initial smuxi-engine connection, or when connecting to a new server - the channels are not displayed in the order specified in the IRC server's preferences window.  Worse, when starting up the smuxi-engine, the channel tabs and server tabs are not associated at all - the channels from multiple servers are interleaved and the server tabs bear no obvious relation to the channels.  This does not appear to be deterministic.
