Smuxi Issues [FROZEN ARCHIVE] - Feature # 766: Option for toolbar only with icons

Status:	New	**Priority:**	Normal
Author:	Jan Krajdl	**Category:**	Frontend GNOME
Created:	10/07/2012	**Assigned to:**	
Updated:	10/07/2012	**Due date:**	
Complexity:	Medium		
Subject:	Option for toolbar only with icons		
Description:	Toolbar with icons and text right to them sets minimum width of Smuxi window. On smaller screens this minimum width is quite large and smuxi resides almost on whole screen. In attachment is screenshot of 1280x800 screen with minimum smuxi window size. It will be nice to have option show toolbar only with icons without text which make possible to have smuxi windows with smaller width size. For example this settings has Firefox or Thunderbird in toolbar customization (right click on toolbar, option Custom).
