Updated:	07/30/2008	Due date:	
Subject:	quick connect just closes without action		
Description:	If a user is in the quickconnect dialog, it's natural to double click on a server to establish a connection to it. However, within smuxi 0.6.1 it just closes the quickconnect dialog and does not connect or whatshowever. It should not connect OR it should autoconnect. But not just close and do nothing.
