I can't reproduce this issue with a PC keyboard using the win+c and win+v but also with a mac keyboard cmd+c and cmd+v works. Can you try again and see if the issue persist? You wrote Found in Version 0.8.11, that version is which I tested with. So double check it is 0.8.11 and not an older Smuxi version.

I spoke too soon. Seems like copy only works from the entry with cmd+c but not when something is selected in the message area.

You can try the 0.9~rc2 (release candidate 2) from here:
https://www.smuxi.org/jaws/data/files/smuxi-0.9~rc2-osx.zip

or a daily build from here:
http://smuxi.fragstore.net/smuxi/

both should fix this issue for you
