<b>Updated:</b>	08/07/2013	<b>Due date:</b>	
<b>Subject:</b>	Problem with Bouncer		
<b>Description:</b>	<p>Hi,</p> <p>im using since today the znc bouncer to connect to IRC, but with Smuxi it doesn't works.</p> <p>If i connect to localhost, znc says "You need to send your password. Try /quote PASS &lt;username&gt;:&lt;password&gt;"</p> <p>But if i type "/quote PASS myusername:mypassword" and press enter, nothing happens, i think Smuxi don't send the message.</p> <p>No, my bouncer isn't broken, with other clients it works normally.</p>		

### History

- Category changed from Other to Engine IRC

Why don't you specify the password in the server settings when you connect? It should login then. I know that other Smuxi users are using ZNC successfully.
