

Smuxi - Feature # 864: auto-reply when away

Status:	New	Priority:	Normal
Author:	Infinity Zero	Category:	Engine
Created:	08/09/2013	Assigned to:	Mirco Bauer
Updated:	09/22/2014	Due date:	
Complexity:	Low		
Subject:	auto-reply when away		
Description:	This is a fairly typical feature for IM clients, and shouldn't be too hard to implement.		

History

Apologies, this already exists. But apparently there is no way to customise the auto-reply message, so please use this bug for that purpose. (I can't edit the title, it seems.)

08/09/2013 08:58 PM - Infinity Zero

Actually, the current feature only issues an auto-reply when contacted via private message. It ought to be extended to send a private auto-reply when someone else addresses me in a public channel, too.

This is a good candidate for a hook. But the hooks need to know the presence of the protocol manager or session, else it can't react to away-only.

As of commit: `cce2df80fb91737f84d59eac0ea42735fc18fdda` there is now `PROTOCOL_MANAGER_PRESENCE_STATUS` which can be used to write an auto reply hook.

02/09/2014 08:37 PM - Mirco Bauer

- *Target version changed from 0.11 to TBD*

This could be done similar to the away-nick hook, see:

<https://github.com/meebey/smuxi-hooks/blob/master/away-nick/engine/protocol-manager/on-presence-status-changed/away-nick.sh>
