

## Smuxi - Bug # 954: Notifications should be server-specific

<b>Status:</b>	Rejected	<b>Priority:</b>	Normal
<b>Author:</b>	Josh Berkus	<b>Category:</b>	
<b>Created:</b>	02/14/2014	<b>Assigned to:</b>	
<b>Updated:</b>	02/20/2014	<b>Due date:</b>	
<b>Complexity:</b>			
<b>Found in Version:</b>	0.11beta		
<b>Subject:</b>	Notifications should be server-specific		
<b>Description:</b>	<p>The way it is now:</p> <ol style="list-style-type: none"><li>1. I am logged into irc.mycompany.com as "josh"</li><li>2. I am logged into chat.freenode.net as "agliodbs"</li><li>3. If anyone says "josh" on chat.freenode.net#postgresql, I get a notification</li><li>4. If another user named "josh" on chat.freenode.net#postgresql speaks, I get a notification.</li></ol> <p>The way it should be:</p> <p>I should only get notifications for the nick I am using on a particular server.</p> <p>Also, I should never get notifications for a string that's in in another user's nickname.</p>
